a skin care system researched and developed by The International Dermal Institute

SAFETY DATA SHEET

SECTION 1 — CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Identifier: Daily Microfoliant		**Product Formula No.** [Internal Use Only]: D1309-01 Global
Company Name: Dermalogica, Inc.		**Emergency Contact:** CHEMTREC
Street Address: 1535 Beachey Place		**U.S. & Canada Emergency Telephone:** 1-800-424-9300
City: Carson	**State:** California	**International Emergency Telephone:** 1-703-527-3887
Postal Code: 90746	**Phone Number:** 1-310-900-4000	**Revision No.** 03 - updated 09/18/17
Date Prepared: 05/09/2016		

SECTION 2 — HAZARDS IDENTIFICATION

This product is intended ***only*** for use by a licensed skin care therapist.	☐	**Yes**	☑	**No**
Avoid using on pregnant or lactating women or persons allergic to aspirin.	☑	**Yes**	☐	**No**

SECTION 3 — COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients	CAS Number	EINECS Number
Microcrystalline Cellulose	9004-34-6	232-674-9
Magnesium Oxide	9004-34-6	232-674-9
Sodium Cocoyl Isethionate	61789-32-0	263-052-5
Colloidal Oatmeal	---	---
Disodium Lauryl Sulfosuccinate	13192-12-6	236-149-5
Sodium Lauroyl Glutamate	29923-31-7	249-958-3
Oryza Sativa (Rice) Bran Extract	68553-81-1	271-397-8
Oryza Sativa (Rice) Starch	9005-25-8	232-679-6
Hydrogenated Coconut Acid	68938-15-8	273-118-5
Allantoin	97-59-6	202-592-8
Papain	9001-73-4	232-627-2
Salicylic Acid	69-72-7	200-712-3
Ginkgo Biloba Leaf Extract	90045-36-6	289-896-4
Camellia Sinensis Leaf Extract	84650-60-2	283-519-7
Glycyrrhiza Glabra (Licorice) Root Extract	84775-66-6	283-895-2
PCA	98-79-3	202-700-3
Populus Tremuloides Bark Extract	90083-05-9	290-199-2
Cyclodextrin	7585-39-9	231-493-2
Sodium Isethionate	1562-00-1	216-343-6
Lauryl Methacrylate/Glycol Dimethacrylate Copolymer	61181-29-1	---
Maltodextrin	9050-36-6	232-940-4
Melaleuca Alternifolia (Tea Tree) Leaf Oil	85085-48-9	285-377-1
Citrus Paradisi (Grapefruit) Peel Oil	8016-20-4	---

Ingredients continued	CAS Number	EINECS Number
Sodium Dehydroacetate	4418-26-2	224-580-1
Hydrolyzed Corn Starch Hydroxyethyl Ether	---	---
Water/Aqua/Eau	7732-18-5	231-791-2
Limonene	138-86-3	205-341-0
Citric Acid	77-92-9	201-069-1

Ingredients continued	CAS Number	EINECS Number

SECTION 4 — FIRST AID MEASURES

Skin Irritation: If contact with the product causes irritation, discontinue use of the product and flush area with soap and water. If discomfort persists, seek medical attention.
Eye Contact: Flush with water for 10 – 15 minutes. If discomfort persists, seek medical attention. If wearing contact lenses, remove immediately.
Ingestion: The recommendation to induce vomiting or perform gastric emptying CANNOT be made without careful consideration of many factors, including: • a high degree of risk or evidence of toxicity • amount ingested • whether or not vomiting has already occurred • time since ingestion (less than 1-2 hours) • contraindications to inducing vomiting (e.g., ingestion of a corrosive or risk of aspiration). (Nelson, et al., 2011). Seek medical attention or contact Posion Control if appreciable amounts are swallowed. *http://www.ccohs.ca/products/publications/firstaid/#chap3_5*

SECTION 5 — FIRE FIGHTING MEASURES

Suitable extinguishing media: Use water spray, chemical foam, dry chemical or carbon dioxide.	
Flashpoint (°C) and Method: Unknown	**Explosion Hazards:** None
Special Fire Fighting Procedures: Firefighters should wear self-contained breathing apparatus and protective clothing.	

SECTION 6 — ACCIDENTAL RELEASE MEASURES

Leak and Spill Procedures: Contain, scoop up and absorb excess product with absorbent material. Flush and scrub area with hot water. Collect and dispose of water used for cleanup along with product waste into a suitable tank or drum. Use general waste disposal methods in compliance with Federal, State and Local regulations. Immediately ventilate area of leak or spill. Wear appropriate protective equipment as specified in Section 8. ☐

SECTION 7 — HANDLING AND STORAGE

Precautions for Safe Handling: Normal handling consistent with good manufacturing practices. Avoid prolonged contact with skin & avoid contact with the eye.
Storage Requirements: Keep away from heat, fire and ignition sources. Avoid extreme temperatures and store in a cool, well-ventilated area. Keep in a tightly closed container.
Other Recommendations: None

SECTION 8 — EXPOSURE CONTROL / PERSONAL PROTECTION

Exposure & Personal Protection: This is a personal care or cosmetic product that is safe when used as directed.

In the event of manufacturing spill a system of local and/or general exhaust is recommended to keep employees exposure as low as possible. Local exhaust ventilation. Use chemical safety goggles. Maintain eye wash fountain and quick drench facilities in work area. Wear protective gloves and clean body-covering clothing. Use personal respirator (NIOSH approved). ***Applies to Section 6 - second statement.***

SECTION 9 — PHYSICAL AND CHEMICAL PROPERTIES

Color*: Off-white	**Odor*:** Citrus	**Appearance*:** 0.54-0.64 (tapped) 0.42-0.52 (untapped)
Melting Point: NA	**Boiling Point:** NA	**pH:** NA
Solubility in Water: NA	**Flashpoint:** NA	**Vapor Density:** NA
Specific Gravity: NA	**Viscosity:** Free-flowing powder w/light brown specks	

**To match Standard*

SECTION 10 — STABILITY AND REACTIVITY

Conditions to Avoid: Strong oxidizing or reducing agents.
Other Recommendations: None

SECTION 11 — TOXICOLOGICAL INFORMATION

Chronic Effects: None
Target Organs: None
Carcinogenicity: None

SECTION 12 — ECOLOGICAL INFORMATION

The ingredients contained within this product are projected to be safe for the environment at levels predicted under normal use and accidental spill scenarios. The components used in the packaging of this product comply with conventional solid waste management practices.

SECTION 13 — DISPOSAL CONSIDERATIONS

Waste Disposal: Disposal of this product should be in accordance with Federal, State, Provincial and Local regulations.

SECTION 14 — TRANSPORT INFORMATION

Special Shipping Information
Ground (DOT): Non-hazardous
Vessel (IMDG): Non-hazardous
Air (IATA): Non-hazardous

SECTION 15 — REGULATORY INFORMATION

WARNING This cosmetic product Contains Chemicals Known To The State Of California To Cause Cancer And Birth Defects Or Other Reproductive Harm: ☐ **Yes** ☑ **No**

Ingredient/s_____ listed on Prop 65 Chemical List. *http://www.cdph.ca.gov/programs/cosmetics/Documents/chemlist.pdf / http://oehha.ca.gov/prop65/prop65_list/newlist.html / http://www.cdph.ca.gov/programs/cosmetics/Pages/default.aspx*

This product is considered non-hazardous as defined in 29 CFR 1910.1200 (d).

Fragrances (Parfum) contained within this product comply with appropriate IFRA guidelines.

The product described in this SDS is regulated under the Federal Food, Drug and Cosmetics Act and is safe per directions on the products container, box or accompanying literature (where applicable).

SECTION 16 — OTHER INFORMATION

DISCLAIMER: This SDS is intended to provide useful information and a brief summary of our knowledge and direction regarding the proper use of this product.

The information contained within this document is offered in good faith. It is not intended to be an all-inclusive document on worldwide hazard communication regulations.

SECTION 5 — FIRE FIGHTING MEASURES

Suitable extinguishing media: Use water spray, chemical foam, dry chemical or carbon dioxide.	
Flashpoint (°C) and Method: Unknown	**Explosion Hazards:** None
Special Fire Fighting Procedures: Firefighters should wear self-contained breathing apparatus and protective clothing.	

SECTION 6 — ACCIDENTAL RELEASE MEASURES

Leak and Spill Procedures: Contain, scoop up and absorb excess product with absorbent material. Flush and scrub area with hot water. Collect and dispose of water used for cleanup along with product waste into a suitable tank or drum. Use general waste disposal methods in compliance with Federal, State and Local regulations. Immediately ventilate area of leak or spill. Wear appropriate protective equipment as specified in Section 8. ☐

SECTION 7 — HANDLING AND STORAGE

Precautions for Safe Handling: Normal handling consistent with good manufacturing practices. Avoid prolonged contact with skin & avoid contact with the eye.
Storage Requirements: Keep away from heat, fire and ignition sources. Avoid extreme temperatures and store in a cool, well-ventilated area. Keep in a tightly closed container.
Other Recommendations: None

SECTION 8 — EXPOSURE CONTROL / PERSONAL PROTECTION

Exposure & Personal Protection: This is a personal care or cosmetic product that is safe when used as directed.

In the event of manufacturing spill a system of local and/or general exhaust is recommended to keep employees exposure as low as possible. Local exhaust ventilation. Use chemical safety goggles. Maintain eye wash fountain and quick drench facilities in work area. Wear protective gloves and clean body-covering clothing. Use personal respirator (NIOSH approved). ***Applies to Section 6 - second statement.***

SECTION 9 — PHYSICAL AND CHEMICAL PROPERTIES

Color*: Yellowish Beige	**Odor*:** Characteristic	**Appearance*:** Opaque, grainy, viscous cream
Melting Point: NA	**Boiling Point:** NA	**pH:** @ 25°C 5.50-6.50
Solubility in Water: NA	**Flashpoint:** NA	**Vapor Density:** NA
Specific Gravity: 0.96-1.00	**Viscosity:** @ 25°C RVT Spindle TD @ 10 rpm 80,000-150,000 cps	

**To match Standard*

SECTION 10 — STABILITY AND REACTIVITY

Conditions to Avoid: Strong oxidizing or reducing agents.

Other Recommendations: None

SECTION 11 — TOXICOLOGICAL INFORMATION

Chronic Effects: None
Target Organs: None
Carcinogenicity: None

SECTION 12 — ECOLOGICAL INFORMATION

The ingredients contained within this product are projected to be safe for the environment at levels predicted under normal use and accidental spill scenarios. The components used in the packaging of this product comply with conventional solid waste management practices.

SECTION 13 — DISPOSAL CONSIDERATIONS

Waste Disposal: Disposal of this product should be in accordance with Federal, State, Provincial and Local regulations.

SECTION 14 — TRANSPORT INFORMATION

Special Shipping Information
Ground (DOT): Non-hazardous
Vessel (IMDG): Non-hazardous
Air (IATA): Non-hazardous

SECTION 15 — REGULATORY INFORMATION

WARNING This cosmetic product Contains Chemicals Known To The State Of California To Cause Cancer And Birth Defects Or Other Reproductive Harm: ☐ **Yes** ☑ **No**

Ingredient/s_____ listed on Prop 65 Chemical List. *http://www.cdph.ca.gov/programs/cosmetics/Documents/chemlist.pdf / http://oehha.ca.gov/prop65/prop65_list/newlist.html / http://www.cdph.ca.gov/programs/cosmetics/Pages/default.aspx*

This product is considered non-hazardous as defined in 29 CFR 1910.1200 (d).

Fragrances (Parfum) contained within this product comply with appropriate IFRA guidelines.

The product described in this SDS is regulated under the Federal Food, Drug and Cosmetics Act and is safe per directions on the products container, box or accompanying literature (where applicable).

SECTION 16 — OTHER INFORMATION

DISCLAIMER: This SDS is intended to provide useful information and a brief summary of our knowledge and direction regarding the proper use of this product.

The information contained within this document is offered in good faith. It is not intended to be an all-inclusive document on worldwide hazard communication regulations.
